10 CENTS PER WEEK.

## A BATTLE LIKELY IN THE NEAR FUTURE

### Effort to Cut off Kuroki--More Talk of Peace in the Far East.

#### Does It Mean Peace?

Honolulu, Feb. 20.—The Tanager reports that the party has gained the upper hand in the Russian court, compelling the hitherto predominance of the war party. Peace, says the paper, is now in sight in the Far East.

#### Father Gapon Unlocked.

St. Petersburg, Feb. 20.—The consistory today officially announced that Father Gapon, who led the strike in the recent attempt to obtain concessions from the authorities, and whose whereabouts are at present unknown to the Russian officials, has been unlocked.

#### To Tien Kuroki's Light.

Tokyo, Feb. 20.—A Russian force south of Mukden has constructed a light railway from Pashan to Yenling and from Pashan to the Upper

Shankee river. This move is thought to preclude an attempt on part of Gen. Kuropatkin to turn Gen. Kuroki's right.

#### Part of the Fleet Arrives.

Copenhagen, Feb. 20.—Four Russian ironclads, three cruisers and five transports, presumably a portion of the third Russian Baltic squadron, which left Lihon last week, are anchored under Langeholm this morning.

#### Third Baltic Squadron.

London, Feb. 20.—The Copenhagen correspondent of the exchange telegraph wires that the third Russian Baltic squadron is now standing northward through the Great Belt. It was escorted by Danish torpedo boats and while passing through the Baltic Sea, German ironclads escorted the fleet, leaving the Russians when Danish waters were reached.

#### MEETING HERE.

Of Men Interested in the Sewanee Spoke and Lumber Co.

Messrs. L. A. Hall, Jr., of Kentucky; J. B. Leach, of Princeton, and T. J. Wadkins and M. P. Mallory, of Edinburg, are in the city attending a meeting of the stockholders, officers, trustees and creditors of the Sewanee Spoke and Lumber Co., a concern at Kirtown, which is operated under the direction of Paducah men. The meeting is being held at the Palmer House and is for the purpose of deciding what course to pursue in the management of the affairs of the concern.

Last August the affairs of the company were placed in the hands of three trustees, President George Thompson, American thermum bank; Ben Hughes, City National bank, and Ed Noble, president of the Globe Bank and Trust Co., and they had been directing the business since. This arrangement was made because of a debt of about \$54,000.

The meeting began this morning but nothing definite was done and this afternoon at 3:30 will be resumed.

#### ONLY ONE DEAD.

Explosion At Sedalia One of Worst in History of County.

Although the explosion of the Hay Flour Mill boiler at Sedalia last Saturday afternoon was one of the worst in the history of Southwest Kentucky, only one death has occurred thus far. This was of George Lambert, a farmer who had his grind at the mill.

But no one else was badly hurt, but it is thought will recover. Zolman and Tom Hay, youths, were hurt and a little girl had an arm broken and a boy named McClure was hurt.

The boiler was blown 75 yards, and the mill was wrecked. James Wyatt, who was working in a buggy, was blown out and badly hurt and his horse was killed. The damage is estimated at \$29,000. No other deaths are expected.

#### PADUCAH CROWD

Looks at Ice Gorge and Visits Smithland.

Col. Ben Wallis, Dr. J. R. Grogan, Geo. Edwards, George Lafore and Henry E. Thompson went up to Smithland yesterday in the gasoline boat Alert, run by Mr. Walter Williams, to see the ice gorge.

#### A Kentucky Bride.

Older, Tenn., Feb. 20.—Robert E. Goodall, of Olden county, and Miss Estelle Watson, of Johnson, Ky., were married at the home of Bob Goodall. The groom is one of the younger citizens of Olden county, is 25 years old, and the bride is 23 years old. The groom is the father of one daughter and one son. The bride has one daughter and one son. The ceremony was performed by Rev. J. H. Gentry.

## IMPROVEMENT WORK BEGINS SHORTLY NOW

### Evansville Contractor Arrived in the City Today.

Fire Equipment Agent Arrives—Third Street Improvement Or-  
dinance Tonight.

#### AND OTHER LATE CITY NEWS

Contractor Harry Baldwin, who has a sub-contract to build sidewalks on Broadway, returned from Evansville yesterday after a several weeks' absence. Contractor Baldwin was in the city the greater part of last year, and when the weather became bad for work, went to Evansville to await spring.

He brought with him today Mr. William Bedford, of the firm Bedford & Nugent, Evansville, street work and general contractors.

Mr. Bedford claims that his is the best equipped firm in this part of the country, and he is here to look over the city and decide whether or not he wants to bid on the street paving, the new sidewalks, and other improvements to be built here this year.

The ordinance for improving South Third street from Kentucky to Broad will come up tonight at the regular meeting of the council, and it is likely that a lively fight will be precipitated between some of the residents who own no property and would not have to pay any of the costs, and who want the street paved, and some of the property owners who would have to pay heavily for the improvement and do not for this reason want it.

It is claimed that Cincinnati River steamer alone owns about 300 feet along the street and may fight it for that reason, as the cost to its company would be enormous.

It is claimed by one side that most of the property owners are against the street being paved, while those for it are largely renters who realize it will be a good improvement and greatly benefit that part of town, but who own no property and would not have to pay any of the costs.

Third street was not favored originally by the board of works, who realized that it was not yet time for paving Third street so far up, and that the cost to some of the property owners would be more than the property is worth.

The boards at their next regular meeting will probably take up the matter of building a concrete culvert on Caldwell street where the Kentucky bridge and Mill are located. The cost will be about \$2,000, and while the funds are not on hand now the work is said to be advisable, if not imperative.

City Engineer Washington has recommended the rebuilding of the bridge in his two last annual reports, but the city has done nothing to-day. It is thought that the city will take every precaution to protect the present bridge and fill in case the river comes up, but it is hoped to have the structure rebuilt.

Mr. Charles E. Johnson, representative of the Seagrave company, of Columbus, O., which furnished the city with the new fire equipment, is in the city today and this morning held a conference with Mayor Yeiser, Fire Chief Wood, and several aldermen and councilmen relative to the new fire chief buggy and truck the city desires to purchase.

Mr. Johnson happened to be passing through and noticed the city wanted buying a new truck and buggy, decided to pay the mayor a visit. The meeting of the joint committee with representatives will not come for several days yet but the members of the committee met with Mr. Johnson to see what he could offer. No definite decision was reached.

Mayor D. A. Yeiser stated today that he would probably call the committee together to name the new fire equipment tomorrow night.

The council are arguing that the city has been so badly and financially ruined by the fire that it is a question as to whether the money to furnish the equipment is coming from the city or from the state.

It is said that the money to furnish the equipment is coming from the city or from the state. It is said that the money to furnish the equipment is coming from the city or from the state.

## CLYDE STRUCK LOG

### SMALL HOLE MADE AND SHE AR- RIVES MAKING.

Accident Is Not Serious and She Goes Out Again Next Wednesday.

The steamer Clyde, of the St. Louis and Tennessee River Packet Co., came in yesterday backing from a hole in the bottom of her hull, but the leak was not big, and the pumps kept the hull practically free from water.

The Clyde, in going into Pickwick Landing, about 250 miles up the Tennessee river below Waterline, Ala., ran onto a big snag or log, and it crushed the wood in the hull two or three feet long, but did not make a bad hole.

The boat was able to come on to Paducah and go to Brookport to unload, little the worse for the accident.

She will be hauled out on the ways for repairs, and will be off tomorrow and able to leave on her regular trip Wednesday.

## BUY COLUMBIA

### HIG STEAMER PURCHASED BY DAVENPORT MEN.

She Belonged to Lamb Brothers and Will Be Converted Into Excursion Steamer.

Capt. Walter Blair, of Davenport, Ia., and his partner, Capt. Dodd, of Keokuk, have bought the big steamer Columbia, of Clinton, Ia., and will convert her into a handsome excursion steamer.

The Columbia has been the property of Lamb Bros., of Clinton, Ia., and negotiations for her sale had been on for some time past.

The Columbia has been in Dault's boat since December in winter quarters.

Capt. H. S. Young, of the Columbia, is also here. It is not known what was paid for the steamer, but it is understood that the price was \$12,000, and this is likely about what was paid for her.

She will be made into an excursion boat of the Mississippi river trade, in time to begin running in the spring. It has not yet been decided where the work will be done, but it may be done in Paducah.

#### MAYFIELD MAN

Died of Pneumonia at Colorado Springs.

News of the death of Willard Watson, son of ex-Senator J. D. Watson, of Mayfield, at Gripple Creek, Col., yesterday, was received last night.

Young Watson had been gone about three months and died of pneumonia. About one month ago he was married and his wife is said to be precariously ill, too.

#### W. A. Rodgers Assails.

Kenton, Tenn., Feb. 20.—W. A. Rodgers, a merchant of the Fifth district, has made an assignment, naming Sam Posey as assignee. The liabilities are about four thousand dollars, with assets at two thousand in merchandise and seven hundred in accounts.

The creditors are merchants of Paducah, Calico, Louisville and other places. The two largest creditors are L. B. Carpenter and S. F. Rodgers, of Eldridge.

#### Sleep of 147 Hours Broken.

Columbus, Ind., Feb. 20.—A sleep which continued for 147 hours, caused by a two grain dose of morphine, was broken today, when the physicians succeeded in reviving Chas. Alexander, fourteen years old, since last Friday morning, when her teacher found her asleep on her desk in the classroom.

The girl had slept continuously, despite the efforts of physicians who were in constant attendance. No ill effects are reported.

A self-made man is making a name for himself in the city. He is a self-made man and is making a name for himself in the city.

## THE GRIM REAPER HAVING MUCH TO DO

### Contractor J. W. Coles Died from Consumption Yesterday

Death of Young Lady From Consumption—Mrs. Eugenia Gil-  
bert's Funeral.

#### SEVERAL CHILDREN ARE DEAD

Mr. J. W. Coles, a well known contractor of 717 South Eleventh street, died Sunday morning at 11:10 o'clock of complication of diseases after an illness of a few weeks.

The deceased was born in Logan county, Tennessee, 59 years ago and had been living in Kentucky about 31 years. He leaves a wife, three sons, Messrs. Harry, Earl and Van Coles and two daughters, Grace and May Coles, five and three years old respectively.

The deceased was a member of the Golden Cross lodge and will be buried tomorrow afternoon at 2:30 o'clock from the Cumberland Presbyterian church under the auspices of the order. He was a popular man and his many friends will regret to learn of his death.

Miss Mabel Phelps, aged 24, died at 5:30 o'clock last evening from consumption at her home, 620 South Thirtieth street. She had been ill for some time, and leaves a mother, Mrs. Eliza Phelps. The remains will tomorrow be taken to Hriensburg, Marshall county, for burial.

Lawrence Brennan, age 15, the son of a widow of Mechanicsburg, died yesterday afternoon about 5:30 o'clock of consumption after an illness of several months.

The boy about a year ago was employed by the I. C. to carry water to workmen on the railroad near the Rowell mill, and in some way fell under a car and his left leg amputated above the knee.

He was taken to the hospital and remained there for four months, until his leg healed, and was then taken home, where he developed consumption.

Loan Thomas, the four-year-old daughter of L. Thomas, of Melber, died yesterday of blood poison and will be buried today at the Mason cemetery.

Mr. J. A. Ryburn, a clerk in the local I. C. master mechanics' office, returned this morning from near West Plains, Graves county, where he was called by the death of his grandmother, Mrs. P. W. Taylor, who died at 2 o'clock this morning of old age and a gripe.

The deceased was 83 years of age. The funeral will be held tomorrow afternoon at 1 o'clock, interment at Mount Pisgah cemetery.

Mr. Taylor, husband of the deceased, is also ill and in a precarious condition, and Mr. Ryburn will return to Mayfield tomorrow to attend the funeral of his grandmother and attend the bedside of his grand father.

The funeral of Miss Maude Leflingwell, who died Friday at Melber, was held yesterday at noon at the residence of her grandmother, Mr. Morris, interment at Morris' graveyard. Miss Leflingwell was for some time chief operator at the local Cumberland telephone company toll rooms and was popular with all the employees and patrons. A number of telephone girls went down yesterday to attend the funeral, taking many flowers.

Mr. and Mrs. Samuel Gamble, of Worthen's addition, are mourning the death of one of their fourteen days' old twins. The twins were taken to Mayfield for burial.

The remains of Johnnie Martin, the old man who died over March 1st's solemn Friday, were buried at Oak Grove yesterday morning.

The remains of the late Mrs. Eugenia Gilbert arrived from Louisville, Ky., yesterday and the funeral was held at the Broadway Methodist church, yesterday afternoon, at 2 o'clock, services by Rev. T. J. Russell. The burial was at Oak Grove.

Funeral services for the late Mrs. Gilbert will be held at the Oak Grove cemetery.

## MORE NEW ONES

### COME IN TO JOIN THE COMMERCIAL CLUB.

The Banquet Will Not Be Arranged For Over a Week Yet.

The soliciting committee of the Commercial club is receiving encouragement in every form and since Saturday several firms and individuals have come up unsolicited and joined the association.

The last are: Dr. R. A. Hicks, Gas Smith, Exall & Co., Sutherland Medicine Co., Dr. Horace Rivers.

The committee has been working for some time now and has secured a total membership to date of 206. Only two merchants have turned the committee down, and the members think there is no doubt but that the desired 500 members will be secured and will work harder when better weather sets in.

The meeting of the citizens' committee to arrange for a big banquet, which was originally set for Wednesday has been postponed until Tuesday, a week from tomorrow, on account of the bad weather.

#### HARGIS CLAN DENIES.

W. H. Blanton, Who Made Statement About Breachless Men, Retracts Interview.

Lexington, Ky., Feb. 20.—Judge James Hargis, Elbert Hargis and Sheriff Edward Callahan, all of Breathitt county and under indictment in the Fayette circuit court for the murder of James Pickrel, called W. H. Blanton, county attorney of Breathitt county, in the lobby of the Leland hotel and made him deny the sensational charges he made against Judge Hargis this afternoon.

Blanton was on his way to Frankfort to testify before the court of appeals when, it is said, he gave out this interview, all of which he denied in the presence of Judge Hargis, and claims he was misunderstood.

Two persons insist that Blanton did give out the interview in question.

#### Hargis Case Continued.

Frankfort, Ky., Feb. 20.—The court of appeals continued until next Saturday, February 25, the case of the Hargis clan on motion of their attorney, Judge Hazelrigg.

#### CARDINAL TO REST.

Arrives in New Orleans and Goes to Brother's House.

New Orleans, Feb. 20.—Delayed by recent washouts in Mississippi, Cardinal Gibbons arrived here, accompanied by Father Fletcher, his secretary, and Fathers Bolah, Rorand and Wheelan.

A party of relatives and friends met the cardinal at the depot. The cardinal, who was fatigued by his journey, was driven to the home of his brother, John Gibbons, where he will stay during his visit. The cardinal said he came to New Orleans to rest and recuperate.

#### Bedford Murder Mystery.

Bedford, Ind., Feb. 20.—Judge Wilson has called the grand jury to meet today, the first day of February term of the Lawrence circuit court, to begin the investigation of the alleged confession of Elmer Browning concerning the murder of Sarah Schaefer on the night of January 21, 1901. Deputy Prosecutor Fletcher and Attorney John H. Underwood, who directed the prosecution at the preliminary trial of Browning and Evans, claim to have circumstantial evidence that was not submitted at the preliminary trial, but which is to be submitted to the grand jury. Mr. Underwood may go before the grand jury as a witness.

#### Mrs. Roosevelt's Gown.

Paterson, N. J., Feb. 20.—The bill for the inaugural gown of Mrs. Roosevelt has just been shipped from this city to Washington, where it will be made up by official tailors. It is of heavy brocade, with a background of purple blue, through which, at various intervals is seen the figure of a dove. The filling is of gold thread and the effect of the pattern is charming. The pattern has been destroyed, so as to give to the president's wife an exclusive costume. One house in Paterson had the honor of weaving the gown for the dress of a president's wife. This was in 1888, at the inauguration of R. Roosevelt.

## BOILERS EXPLODE KILLING THREE MEN

### Four Others Fatally Hurt and Fourteen Injured.

Cleora J. Hamden, Noted Breeder of  
Fine Horses, Dies in New York  
—Congressman Dead.

#### WHEAT MARKET WAS QUIET

St. Clairsville, O., Feb. 20.—The boilers at the Providence Coal Mine exploded this morning, killing three men, fatally injuring four and seriously injuring fourteen.

#### Prominent Horseman Dead.

Buffalo, Feb. 20.—Cleora J. Hamden, one of Buffalo's well-known horsemen and a breeder of a popular breed of the "Arabian," "Blood Bay" and "Hundred of famous trotters and pacers, died this morning, aged 86.

#### Congressman Dies.

Yonkers, N. Y., Feb. 20.—James L. Lusk, Notary, representing the 10th district, died early this morning after a several months' illness. His father was inventor of the elevator.

#### Gates Selling Today.

Chicago, Feb. 20.—Gates' typewriters were on the selling side in the market this morning. Max sold four 119-1-1 to 118-1-2 without any special feature, the market being quiet throughout.

#### LEAD TO ROOSEVELT.

University of Pennsylvania Will Confer the Degree on Washington.

Philadelphia, Pa., Feb. 20.—On Washington's birthday the University of Pennsylvania will confer the degree of LL. D. upon the son of the late President of the United States.

The president will be here in person, and will be the principal speaker at the exercises in the University of Washington. It is a noteworthy coincidence that the same day which President Roosevelt will receive upon Washington's birthday is conferred by the university upon Washington independence day, 1776, the year in which the revolutionary war ended.

This historical coincidence has been brought to the attention of the German emperor by his minister, Count von Bernstorff, who has received official instructions from Berlin.

#### HONOR GERMAN EMPEROR.

Will Be First Foreign Monarch to Receive American University Degree.

Honolulu, Feb. 18.—Governor Wilcox will accept the degree of doctor of laws from the University of Pennsylvania. It will be conferred upon him in Philadelphia, Feb. 25, at the same time that it is conferred upon President Roosevelt.

Instructions have been mailed to Baron Von Sprenckmann, the German ambassador to represent the emperor.

This is the first instance, so far as known in which a reigning sovereign has taken an American university degree.

#### Man wants but little here, below zero.

## TODAY'S NEWS IN THE CONTESTS

### Another Day of Heavy Voting In All Contests.

The interest is now intense and this promises to be the biggest week yet.

### HOW THEY STAND TODAY.

The voting in all the contests was unusually big again today. Mr. Rives in his contest polling nearly 20,000 votes.

This week promises to be the most exciting yet as the candidates are out working to get as many yearly subscribers as possible this month so as to get the benefit of the extra value attached to them when sent in this month.

#### MEN'S CONTEST.

R. A. (Hert) Gilbert.....	51,154
John Dunaway.....	50,000
Dr. Adrian Hoyer.....	24,905
T. W. Roberts.....	21,540
Willie Pierce.....	15,325
Russell Long.....	7,381
John Trantham.....	6,113
John Austin.....	5,674

The prizes to be given away are as follows:

To the most popular ladies in Paducah:

A piano,  
A Gold Watch,  
An Umbrella.

To the most popular men in Paducah:

\$100 in Gold,  
A Gold Watch,  
An Umbrella.

To the most popular lady residing on the rural routes in this county:

A Gold Watch.

To the most popular man residing on the rural routes in this county:

A buggy.

Everyone is entitled to a vote in

each of these contests. All you have to do is to fill out the ballots to be found in each issue of The Sun and send them in. You will note that the ballots have a time limit,—must be voted within a week of the date thereon.

Special coupons of votes will be issued for payments on subscriptions, and we would call everyone's attention to the fact that subscriptions paid now are worth double what they will be worth in March. For instance: 40c will pay for The Sun one month and entitle you to 80 votes, if paid now. The same subscription paid in March will entitle you to only 40 votes. A year's subscription, \$4.50, will entitle you to 1100 votes, if paid now; in March, if you wait it will be worth only 500 votes. Thus you see the wisdom of sending in your subscriptions early.

#### I vote for

As the most popular lady residing on the rural routes in the county.

Not good after February 27.

#### I vote for

As the most popular man residing on the rural routes in the county.

Not good after February 27.

#### I vote for

As the most popular lady in Paducah.

Not good after February 27.

#### I vote for

As the most popular man in Paducah.

Not good after February 27.

#### ELECT OFFICERS.

Paducah Carnival Association Holds Annual Meeting Tonight.

The stockholders of the Paducah Carnival Association will hold their annual meeting tonight at 7 o'clock at Hotel Lagomarsino for the purpose of electing officers for the ensuing year and also the election of the executive committee.

Secretary Rodney Davis, of the association, has heard from the Mundy company and stated that he will know definitely within a day or two when the Mundy people will have a representative here.

He thinks that the Mundy man will arrive this week, and will try to have the Parker representatives here also. The association prefers that the two men come and bid at the same time.

TO CUT A COLD IN ONE DAY

## CARLETON MARRIES AN EASTERN GIRL

### Former Paducah Theater Man Had a Difficult Time.

The Bride Went All the way From Massachusetts and Was Arrested.

### WAS RELEASED AND MARRIED

Carl H. Carleton, an actor well known in Paducah, for a season manager of the La Belle park theater, and another season a member of the stock company there, had a romantic wedding at St. Louis Saturday and came near having his bride-to-be torn from his arms after she had traveled over a thousand miles to marry him.

The last time Carleton was in Paducah was three years ago, as a member of the La Belle Park Stock Co. He was manager several years ago of the theater.

Yesterday's Globe-Democrat gives the following account of his marriage.

"The romance of Miss Vera Sheffield, who ran away from her home in Worcester, Mass. for the love of an actor and was arrested in St. Louis Friday night, culminated happily yesterday when the young girl became Mrs. Charles H. Smith. Smith is a member of the David Harum company and his stage name is Carl H. Carleton. He is playing 'David Larrabee' in the show.

"He and Miss Sheffield, who is the daughter of a wealthy Worcester citizen, met about two years ago, and because of their love the parents of the girl kept close watch on her. They wanted her to marry a young millionaire, the son of a manufacturer, but she preferred the actor. Her disobedience caused her parents to disown her, it is said, and she became a telephone operator, supporting herself. She met Smith during the brief engagements he played in Worcester and corresponded with him for almost two years. Her parents learned of her actions and compelled Miss Sheffield to return home, where they tried to force her, it is said, to marry the heir. But she kept putting it off. Meanwhile she arranged to meet young Smith in Boston and marry him.

"The problem of how to get away was difficult, and Miss Sheffield took a girl friend into her confidence. The friend was invited to stay all night at the Sheffield residence, and when she went away she wore under her own clothing a goodly portion of Miss Sheffield's wardrobe.

"Piece by piece Miss Sheffield, with the assistance of her friends, spirited away all of the clothing she would need, and then asked her mother to let her visit her friend for a night. She was told to return early next day, and under the promise was given permission. Two hours later Miss Sheffield boarded a train for Boston. Upon arriving there she received a telegram from Smith saying he could not meet her because of the distance and the need of his services by the company. He requested his fiancée to come to St. Louis, and she consented. Meanwhile her parents had learned of the intentions of their runaway daughter, and, after locating the David Harum company in St. Louis, sent a telegram to the police here to apprehend the girl.

"Inspired with the happy belief that she would find her future husband waiting with open arms and a minister, Miss Sheffield alighted from an Eastern train Friday night at Union station and found a detective waiting for her. Smith was there also, and he tried in vain to secure her release. Miss Sheffield was taken to the Four Courts and turned over to the police matron for safe keeping.

Young Smith threatened habeas corpus proceedings. Chief of Detectives Desmond yesterday morning looked into the matter, and upon learning that Miss Sheffield was over 18 years old decided that he had no ground on which to hold her, although in Massachusetts the marriage age is 21. So she was released.

"Smith, accompanied by E. Z. Davidson, manager of the David Harum company; Attorney Harry Walsh whom he had detained to get the habeas corpus writ, and his bride-to-be, went to the city hall yesterday and procured marriage licenses. Then the party proceeded to the office of Justice James H. Cronin, where Attorney Walsh and Mr. Davidson 'stood up' with the couple during the marriage ceremony. Mrs. Smith says her father is Frank Sheffield, of 1 West street, Worcester."

## WRITTEN AT RANDOM.

"Papa," chirped a youngster who goes to school, can read the papers, and had accompanied his father to the new market house the other day. "Papa, what is an alternating light, huh?"

"An alternating light," explained the fond father as he watched the lights flicker, rattle, die down and then flare up until they would have made the spot light at the Kentucky theater look like a hole in the ground. "Is a light that burns a while and then goes out awhile."

"You're sure on," observed a butcher who happened to overhear him.

Mayor D. A. Yeiser has turned humorist and this morning was making puns on Bill Watkins' Moon, which made its appearance a few weeks ago after an eclipse of several years.

Mayor Yeiser was asked if the repairs to the city power house had been completed and smiled he thought not but that they would be in a few days.

"We have the Moon, you know," he explained, "and really need no other lights. The break down at the power house came at a time when providence seems to have been with us. Now if we can just have the Moon to continue shining we will be all right, and I will write Bill Watkins, at Mayfield and urge him to order the Moon continue."

A small negro boy who had no means to buy a sled recently enjoyed just as much sport at coasting as his white friends who had finely painted sleds "bought at the hardware store."

The little negro had stood all one afternoon watching the boys coast and once or twice had been given the privilege of "trying it once." He liked the sport and looked with wistful eyes and much envy at the coasters. Finally a thought struck him and he bounded off for home.

Taking his mother's washboard, he nailed two barrel staves on the bottom sides and taking his crude sled out to the hill was soon enjoying the sport as much as anyone. In fact so smooth running was his novel sled that he got to trade rides several times with the white boys, but no inducements could get the sled from him, possibly because he knew his mother would have to use it again next "wash day."

Meerschaum pipes are the most beautiful of all pipes if properly colored, but few people know how to color them. The average smoker who cares for the smoke and not the beauty of the pipe, will cram the bowl full of tobacco and smoke away. Generally the bowl gets too hot and the pipe is "burned" and will not color except around the bottom of the bowl and along the stem for an inch or two.

A young man who was given a handsome meerschaum pipe for a Christmas present was afraid he would not be able to color it, and asked every one's advice about the best methods. Some said smoke it, "any old way" and if it colors all right, well and good, and if it don't why just don't bother "because some color and others do not." A few such answers convinced the young man that he must depend on his own ingenuity and he started out to color his pipe.

He secured a large false bowl, one over three sizes larger than the average bowl used in coloring such pipes. It is understood that the pipe colors from the nicotine soaking into the composition, and the false bowl which sets on top of the real bowl holds the tobacco and lets the smoke go through the bowl of the pipe, thus keeping it slightly warm and only the nicotine from the smoke penetrating the composition. He wanted quick results and thought what an excellent idea it would be to rig up a motor suction fan to suck the smoke from the pipe. He secured a small dentist's motor and fixed up a suction fan, attached a rubber tube to it and filling the bowl of his pipe with tobacco, starts it off. The steady stream of smoke pouring through the pipe continued until the tobacco was consumed and the young man found that he would have to refill the pipe. He didn't stop the motor but simply crammed more tobacco on top of the fire and kept a continual stream of smoke pouring through the pipe for almost an hour. His tobacco is being rapidly consumed and he is getting little benefit out of it, but his pipe is coloring excellently. He hopes to

GEO. ROCK 321 BROADWAY

have it fully colored within a month or two, which will beat the record if he succeeds.

A drummer who let his temper get the better of him has learned that it is wise not to attempt to get ahead of the small boy, especially at his own game.

He came out of a grocery store where he had gone to sell a bill of goods, and just as he reached the middle of the street got it in the neck several times once from several boys with a big supply of snow balls.

The drummer was mad, of course, and started out after the neophytes. He got a good start but was repulsed once or twice by repeated volleys, but finally the snow balls gave out and the youngsters "skedaddled." The drummer thought he had them dead to rights, but he had been a sprinter in his day, but in trying to clear the gutter and kick the curbstone, slipped and took a header into the slushy gutter. When fished out by the negro who carried his grips he positioned the remainder of his day's work and went to the hotel to clean up. The youngsters stood off at a safe distance and laughed, but all the fight had been taken out of the drummer and he meekly wended his way to the grocery to 'phone for a cab.

No minion of the law has duties which carry him to places and among classes of people where there are the greatest opportunities to study human nature than the constable.

The constable goes largely among the lower class of people and a book could be written from the experiences of any one constable in this county. "I have been a constable for a number of years and my duties some time have been painful, but I had to perform them nevertheless," one explained as he reviewed some of his experiences to a reporter. "I had summons in my pocket for a negro woman and was to seize all her household effects which had been attached for a debt. I went to the front door and knocked for some time but received no answer. As I started for the back door I heard a noise on the other side of the house, and retraced my steps in time to see an express wagon tearing away with a stove and bed in it. I did not give chase but went to the rear and found the door open and an old negro woman scrubbing away at a wash-tub. She had a grin on her

face a yard wide, and when I told her my business, informed me calmly that she suspected as much but I was sorry I was too late. She had moved her 'truck' and all the time I was pounding away at the front door the last wagon load of furniture was being carried away. She said she knew I was due and had prepared."

"I had a distress warrant to serve on a woman and when I attempted to do so she struck at me with a stick. I had to go in forcibly and take the club away from her at the point of a gun, and even then she showed fight. Another time I got into a free-for-all fight with several negroes who mistook me for an installment collector who was due to come and take away furniture, and I have gone through many similar strenuous experiences in my time.

"Some time we are called upon to perform some painful duties, the kind I hate. An old woman who I knew to be honest and hard working had been sued for a little debt and she had nothing to attach except a few little belongings in the one room she occupied. She had a child, but he was not big enough to work, and I carried the papers with me for two weeks before I served

them because I hated to do it. When I did she broke down and cried and I was so affected that I had to leave.

"A landlord once ejected a poor widow woman from his house because she was \$8 behind with her rent. She had been living in her two-room, gun-barrel house for some time, and this was the first time she had failed to pay rent, and it was in the winter time, too. The landlord said that he could rent to people who would pay, and did not intend that anyone should beat him. Well, I had to put her out in the sible. Our duties are not the most pleasant, but when it comes to a matter of human nature I can size a man up after I once hear him speak a line or two."

cold, but I took pains to see that she did not suffer, for I found her a home that very day and she has been living there ever since.

"People attempt to elude constables and try ever rise to outwit them. A constable is considered, among the lower class of people, as a necessary evil. They do things they know will bring them into courts and when they finally land there make as much trouble as possible."

## We Will Buy

A 50c. Bottle of Ligozone and Give it to You to Try.

We want you to know about Ligozone, and the product itself can tell you more than we. So we ask you to let us buy you a bottle—a full-size bottle—to try. Let it prove that it does what medicine cannot do. See what a tonic it is. Learn that it does kill germs. Then you will use it always, as we do, and as millions of others do.

This offer itself should convince you that Ligozone does as we claim. We would certainly not buy a bottle and give it to you if there was any doubt of results. You want these results; you want to be well and to keep well. And you can't do that—nobody can—without Ligozone.

We Paid \$100,000  
For the American rights to Ligozone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Ligozone destroys the cause of any germ disease.

Ligozone has, for more than 25 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you

its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. The reason is that germs are vegetals; and Ligozone—like an excess of oxygen—is deadly to vegetable matter.

There lies the great value of Ligozone. It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

### Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Ligozone costs 50c. and \$1.

CUT OUT THIS COUPON  
For this offer may not appear again, print out the blanks and mail it to The Ligozone Company, 486-484 Wabash Ave., Chicago.

This is the case that can be moved one unit at a time without disturbing the books—that can be arranged to fit most any space—that is protected by non-binding roller-bearing dust-proof doors—that is the handsomest, best, and only perfect sectional bookcase made. Our illustrations show several desirable combinations with prices for the cases furnished in golden quartered oak, weathered oak, or imitation mahogany. We furnish them in plain oak at lower prices or in genuine mahogany at higher prices. We also give prices of the different units or sections so the cost of additions to, or portions of, any combination shown is easily determined. One thing we don't and can't show here, and that is the beautiful finish and appearance of the cases. But we would like to have you call and see them—or will send catalogue if requested.

CONCERNING QUALITY—There may be purchasers of furniture who wish to pay their money for poorly put-together furniture that shows a little more for the price than better made furniture would. But we do not think this class purchase twice at the same place. Our name is something to us. We cannot risk your becoming dissatisfied with your purchases a year or two hence. All our furniture is made of thoroughly seasoned wood, carefully put together by expert workmen, who receive good wages for it.

OUR HOME—The above cut will give you a fair idea of our facilities for handling your trade. Our factory is a home institution and spends for labor alone in this city \$40,000 annually. Don't we deserve your support, especially as we give more for the dollar than can be had elsewhere.

### PARLOR CABINETS

Our line of handsome Carlo Parlor Cabinets and Music Cabinets has never been more complete, and we are in shape to fit up any parlor most handsomely.

### LADIES' DESKS

We can show you Ladies' Desks in all the different woods, finishes and styles. Some unusual bargains.

Ice Boxes And Refrigerators We have the celebrated "Alaska," the best made. If you need one try ours.

ural arrangements, say that Kentucky will not be represented in the inaugural parade. If the gentlemen who have been appointed by Governor Beckham to represent Kentucky on that occasion, are to stick up to march with the other patriots, let them resign the honor and we will send a delegation of "footpads" from Fulton.

Yesterday's Courier-Journal contained a fine picture of Hon. Henry Burnett, vice president of the State Bar Association. Mr. Burnett was a former resident of Paducah of whom Paducah will always be proud, and ranks high among the prominent attorneys of the state.

Tonight the first round in the battle for more public improvement will be fought in the council over the Third street reconstruction ordinance. There will be more than the usual objection to this proposed improvement because the Board of Works has always contended that it was not advisable to pave Third street so far up at this time. It is likely the council will hear both sides of the question, however, and it is hoped the case will be decided on its merits.

Lexington, Ky., is complaining that its criminal cases take up so much time in circuit court that there is none left for the civil cases, and an effort is to be made to have two courts and two judges, one to hear criminal cases exclusively and the other civil cases. If they had a judge like Judge Reed, only one would be necessary. Judge Reed always keeps up with his docket, and we have about as many cases as Lexington.

Notice of the Sale of Uncollected Accounts.

In the District Court of the United States, for the Western District of Kentucky.

In the matter of Leigh Fruit and Storage Co., Bankrupt.

In pursuance of an order directed to me on the matter of the bankruptcy of Leigh Fruit and Storage Co., in the district court of the United States for the Western District of Kentucky, I shall offer for sale at public auction to the highest and best bidder on Wednesday, March 1, 1906, at 10 o'clock a. m. at the courthouse door, in the city of Paducah, Ky., all the uncollected accounts of said Leigh Fruit and Storage Co., with certain exceptions that will be stated at the sale, remaining in my hands as trustee of said estate.

Terms of sale, cash on day of sale, subject to confirmation by the court. The right is reserved in the court to reject any or all bids.

A list of such uncollected accounts can be seen at my office, 125 S. 4th street, Paducah, Ky., on application to the undersigned.

Card of Thanks.

We desire to thank the many friends who assisted us so kindly in the sickness and death of our beloved husband and son, Charles Collins, from his wife and mother.

MRS. PEARL COLLINS.

MOLLIE COLLINS.

THE SIMPLE LIFE.

A Two-Handed Musician.

(From the Tripoli, La., Leader.)

Miss Clara Schwen, daughter of Charles Schwen, northwest of town, is acquiring a skill in the art of playing musical instruments known to but few people. She has had an organ for several years, and since mastering that her father has bought her a piano and now she has moved the two instruments together and plays them both at once. This seems like an impossibility, but it is a fact. She plays the organ with one hand and the piano with the other, and makes a grade of music that is very pleasing to the ear.

Ye Editor Needs Socks.

(From the Preston, Ia., Times.)

A sirup manufactory offers to send us a dozen gallons or so of sirup if we will run an electrolyte advertising said sweetness. Confound the luck, anyway! We are overstocked with sirup right now. Make it muslin, or crepe de chine, or socks, or anything useful like that, and we are ready to talk business.

Sickness Works Wonders.

(From the Castle Rock, Col., Leader)

Louis Schleicher got up Saturday for a little while, though still very weak. He was astonished to find that he had fallen off so much that he could stand both upright and by simply looking down see his own feet. A feat he has been unable to accomplish in years.

Come Again, Henry.

(From Jamestown, N. D., Messenger)

Henry Lakewell called at the sanatorium while in our burr, and we had a long visit with him. He left us some fine pullets, which were heartily enjoyed by ye editor. Henry is certainly the salt of the earth.

His Perquisites.

(From the Independence, Ore., Enterprise.)

A reasonable amount of fleas is good for a dog. It reminds him that he is a dog. The annual receipt of garden seed is supposed to be good for the country editor. It rubs it in on him that he is a country editor.

Love Is Blind.

(From the Savannah, Ga. Courier.)

We heard a young lady say the other day she intended to put a blind bridle on Charlie Long and lead him up to the altar.

In a Dangerous Place.

(Elma Correspondence Aberdeen, S. C. Herald.)

Miss Abbie Kellogg, of the Aberdeen schools, was in town between trains Sunday.

Up to Dora.

(From the Dickson, Tenn., Verdict.)

Walter Watson was seen in town Sunday evening. What does this mean Miss Dora?

Keeping Up Readers' Hope.

(From the Waterloo, Ind., Dawn.)

The Dawn will have something of interest to spring on the public next week.

FAMILY CARES.

This Information May Be of Value to Many a Mother in Paducah.

When there is added to the many cares inseparable from the rearing of children that affliction of weakness of the kidneys and auxiliary organs, the mother's lot is far from a happy one. This condition can be quickly changed and absolutely cured by the use of Doan's Kidney Pills. When this is known, the mother's burden will be lighter and her home happier.

T. G. Elder, of 1801 Monroe street, carpenter at the Illinois Central railroad, says: "A friend of mine who had procured Doan's Kidney Pills at DuBois, Kolb & Co.'s drug store and used them in his family recommended them so highly that I gave a little girl of ours, 10 years of age, a course of the treatment. We had given her so much medicine for kidney weakness that she absolutely refused to take anything, but finally coaxing succeeded. Before she completed the use of two boxes we stopped giving her the remedy because she no longer required it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

He—some people can talk on any subject.

She—Others can't, but they do.—Half-Holiday.

Shaving Utensils

DUBOIS, KOLB & CO.

## PASTORS CALLED BY CHURCHES HERE

Rev. J. S. Cheek, of Russellville. Called by First Baptist.

Rev. B. W. Bass Was Called By the Congregation at the Tenth St. Christian Church.

## NOTES OF OTHER CHURCHES

The congregation of the First Baptist church yesterday morning considered a report from the deacons, recommending that Rev. John S. Cheek, of Russellville, Ky., be called to the pastorate here to succeed Rev. G. W. Perryman, who last week went to Knoxville, Tenn., to become pastor of a Baptist church there.

The congregation unanimously concurred in the recommendation, and a formal call was forwarded at once to Rev. Cheek. He is expected about Wednesday to look over the situation, and a reply from him is expected in the near future.

The congregation of the Tenth St. Christian church yesterday morning held a business meeting and extended a call to Rev. B. W. Bass, of Louisville, Ky., to become pastor of the church. Rev. Bass was here little over a week ago and preached twice. He is an able and popular minister, and an answer from him is expected the latter part of the week.

The congregation of the Cumberland Presbyterian church here met yesterday to consider the calling of a pastor to succeed Rev. George O. Bachman, resigned, but it was decided not to call one at present, but to wait until spring.

The officers have a number of letters and applications from ministers in various places who desire to come to Paducah, and a number of applications are under advisement, but at present no preference has been shown for any of them, and it is not known who will probably be called.

Nothing has yet been heard by the congregation of Temple Israel relative to the rabbis who have been invited here to preach. It is thought possible that one will be here in time for Friday's services, but is not known for certain.

Rev. T. J. Newell of the Broadway Methodist church, preached an especial sermon yesterday morning at the request of the Woman's Missionary societies of his church. It was a little out of the usual order of missionary sermons, and he handled the subject very ably under the general theme, "God's Use of the Inventions of Man."

Rev. David C. Wright, rector of Grace Episcopal church, organized a confirmation class yesterday morning at the Sunday school hour. As soon as the class is prepared Bishop Woodcock will come to Paducah to administer the rite. It will probably be until after Easter, however. It has been sometime since confirmation has been administered here, and the class will be quite a large one.

In the absence of the pastor, Rev. W. W. Armstrong, the pulpit of the Trimble street Methodist church was filled yesterday morning by Rev. Cap Owen, of the City Missions, and at night by Rev. T. J. Newell of the Broadway Methodist church.

The quarterly business meeting of the German Evangelical church will be held this evening at the church parsonage.

Beside his regular church service the pastor, Rev. William Bourquin, is preaching twice a week at the Hebron and Mizpah Mission, on Tuesday and Thursday nights respectively, and is doing an excellent work.

Rev. Casper Cummings, the blind preacher of Metropolis, and his wife, arrived this morning and will hold a revival at the mission on South Third street.

Card of Thanks.

We desire to thank the many friends who assisted us so kindly in the sickness and death of our beloved husband and son, Charles Collins, from his wife and mother.

MRS. PEARL COLLINS.

MOLLIE COLLINS.

## THE SCHOOL CENSUS MUST BE CORRECT

This Edict Has Gone Forth From Frankfort, Ky.

Claimed the State Has Been Systematically Skinned—Local School News.

## NEW CENSUS IS TO BE TAKEN.

There will likely be "something doing" in school circles this year. The state administration is on its ear, to use a little slang, over the alleged useless and fraudulent drain on the school fund, which yearly makes it more and more inadequate. The city schools of Paducah will begin their census April 1. The enumerators, usually from three to six in number, are to be elected by the board at its next regular meeting, two weeks from tomorrow, and there are a number of applicants already on deck for the places.

As to the school census, however, a Frankfort dispatch gives information:

"Inaccuracy in the reports of the common school census for the past year or two has determined Gov. Beckham to take some step to protect the treasury and the common school fund from drains upon it from this source, which either from carelessness or design, have grown in enormous proportions from year to year, and are causing the school fund to lap over into other funds of the state annually to keep up the system of schools. Within the last day or two he has been in conference with State Superintendent Fugate regarding this matter, the time for the taking of the new census being near, and he has about concluded that the only way to prevent such inaccuracies is to go, in vigorous fashion, after any who are found guilty of "padding" returns. To this end the state inspector and examiner will be sent into counties where this is suspected, or where there may be cause to suspect it after the taking of the next census, and upon his report prosecutions will be based. Already, recently, one county superintendent has been slated for removal from office for such work, and another will very shortly be proceeded against. The state superintendent has prepared a letter to county superintendents and trustees, a copy of which will be sent to each superintendent and trustee in the state, calling their attention to these inaccuracies of the past, and also urging upon them the necessity for abolishing the smaller school districts and adding the pupils thereof to the contiguous districts. He announces that hereafter he does not intend to recognize a district containing less than twenty-five pupils."

McCracken county is credited by the state with 25,733 population, 7,672 white and 2,367 colored school children, a total of 10,039.

The public schools started out this morning with a better attendance and Supt. Leib entered at least a dozen pupils.

At the close of the first term the weather was so disagreeable that many pupils who would have entered on the 30th did not, but waited until better weather, and are now beginning to come in.

Prof. C. E. Green, who has been employed to take the place of Assistant Principal Mrs. Minnie Herndon, who resigned, has not shown up yet and if he does not by Wednesday Supt. Leib will secure some one else for the place. He telegraphed he was en route but has had more than time in which to arrive.

The seventh and eighth grades at the High school building are being taught in six rooms, and until Prof. Green comes, the six rooms will be crowded into five, making it possible to teach with one instructor less.

Mrs. Wilhoite had been teaching, but was dismissed this morning, the authorities thinking Prof. Green would be here. Supt. Leib says he will wait until Wednesday for Prof. Green to put in appearance.

Trustee Arch Sutherland, of the school committee appointed to sell the school property at Fifth and Kentucky avenue, stated this morning.

Have you tried Devil's Island Endurance? Ask for it. You'll like it. See ad on 8th page.

"EXCELLENT" RATING IS GIVEN THE PADUCAH POSTOFFICE BY INSPECTOR

Inspector Hennen, of West Virginia, has been in the city the past few days inspecting the Paducah post office and left Sunday after completing his labors. Mr. Hennen gives the office a good sendoff in his report. In conversation with a Sun reporter he said the Paducah office received the "excellent" rating, the very best possible rating a postoffice can receive—that he has only given that rating to one other office the past year, and that it is something the local force, from postmaster on down, should be proud.

That the Paducah postoffice is a good investment for "Uncle Sam," when compared with other offices in cities the size of Paducah is evidenced by the following report of the auditor of postoffices for the past year. This figures given are the percentage of expenses to receipts of each office and it will be noticed that the office expenses of the Paducah office are much less than any other and first in amount of net receipts.

Name of City. Per Cent Expense To Receipts

Fort Smith, Ark. . . . . 50

Pasadena, Cal. . . . . 52

San Diego, Cal. . . . . 55

Deal's Band.

Admission, Adults 50c, children 25c

### LOCAL LIVES

—For Dr. Pendley ring 416.

—Sign and carriage painting. G. R. Sexton, both phones, 401.

—Messenger Lindsay, of the Southern Express company, has resumed his run after a ten days' illness.

—For the cleanest and best coal in the city phone 339, Bradley Brothers.

—Mr. W. F. Shelton, the clear dealer, has left on a several weeks' trip to southern cities.

—Go to C. L. Brunson's for Lawn Grass seed.

—Judge James Campbell has returned from Frankfort, where he appeared before the court of appeals.

—A complete line of blank books, typewriting and carbon paper. Everything needed in the office and the very best, at R. D. Clements & Co.

—Kenny Murray and Bob Wathen expect to open a Stag hotel on North Fourth street in their present building and that adjoining, in the near future. They are to have the old Standard building, four stories high, remodeled and fitted up into a hotel.

—Call Palmer Transfer Co. for carriages, baggage wagons and first-class delivery rig. Hack fares and trucks strictly cash. Best service in the city.

—Imperial Lawn Grass Seed at C. L. Brunson & Co., 423 Broadway.

—Engine foreman of the round house, Wm. Turbett, has resigned to go to Princeton and accept a position as machine foreman of the Clover Leaf.

—For the cleanest and best coal in the city phone 339, Bradley Brothers.

—Work on the storm water sewerage at First and Kentucky streets cannot be started at present. Contractors Robertson and Gardner expected to begin today.

—Miss Gussie Smith, stenographer and notary public, 118 South Fourth street.

—"Bridget," the goat mascot of No. 1 fire department, 10th and Jones streets, died and was given an appropriate funeral yesterday. The goat was well known and was previous to being transferred to No. 4 station, at the No. 2 station.

—Do you know who is the most popular lady in Paducah? The Sun does not, and will give a piano to the lady who it is decided is entitled to

the honor. See the announcement of how it is to be decided who is the most popular lady in Paducah on page two of The Sun.

—Imperial Lawn Grass Seed at C. L. Brunson & Co., 423 Broadway.

—Charles Kinney, of No. 2 fire department, Fourth and Elizabeth streets, got up Saturday night to answer an alarm, and having one boot on wrong when he slid down the pole it badly twisted an ankle. He went to his position and made the run, however, but was so badly hurt that he afterwards had to be taken to his home 622 George street, and will be disabled for several days.

—The directors of the Paducah Toilet company will meet this afternoon to elect officers. They Saturday elected the following directors, after raising the capital stock from \$1,200 to \$1,500: J. L. Kilgore, Eleanor V. Trezevant, W. F. Paxton, Will Farley, Dr. J. S. Troutman and Fred J. McElwee.

—President Pete Smith, of Central Labor Union, has named the following committees: Legislative, Harry George, R. M. Miles, L. P. Hend; Arbitration, Chas. Hart, F. M. Cackley and P. Smith; Labor, P. M. Martin, C. E. Johnson and Wm. Deal; press, Johnson, Deal and Deal; ways and means, Harry George, Harry Rawlings and A. V. Seefield.

—County Clerk George Landrum, of Livingston county, has declined to run for the nomination for state senator to succeed the late J. W. Gilbert, of Murray.

### WALTZ TO A FINISH.

Terpsichorean Duel Between Rivals Expected to Last 24 Hours.

London, Feb. 14. —A "dance to a finish" which seems likely to be rather an extraordinary affair in its way, is going to come off in London on March 6. It is the outcome of a rivalry of long standing between two "professors" of the terpsichorean art, one a London and the other a Liverpool man.

The contest is to decide which of these expert dancers can keep it up longest. At present the dancing record is held by a Frenchman, who tripped the light fantastic for eighteen hours at a stretch, but these two English "professors" expect to go twice around the clock, if not longer.

W. F. Hurdall, of London, also a dancing master, who has the arrangements in hand for this remarkable terpsichorean duel, gave me the particulars as follows:

"The contest will begin at noon on March 6. The time throughout will be sixty hours a minute, and the waltz will be the dance selected. The competitors will dance in an inner track in the ballroom and dancing couples who come as spectators will dance in the outer ring to a band. Whenever the band stops an automatic piano will immediately begin to play.

"From noon on the 6th to the hour on the 7th when the dancers finish the competitors will be on the move. Relays of lady partners will be provided, and food and drink will be taken while dancing.

"Each of the two competitors will train for the dance by taking long walks and by dancing. At first he will dance for half an hour without a break, and then the time will be increased by slow stages, until he can dance for hours together."

Words Can't Tell How Well you feel 10 days after quitting Coffee

and using POSTUM

### Social Notes and About People.

Card Party This Afternoon.

Mrs. W. A. Berry, of North Seventh street, is entertaining at cards this afternoon complimentary to Miss Waller of Morganfield, the guest of Mrs. Henry Hughes.

Mr. Ferd Weatherington and Miss Sadie Scott were married Saturday at the Methodist parsonage by Rev. T. J. Newell. They are popular young people, and will reside on Harrison street.

Mr. Lewis L. Bebout and bride have returned from their bridal trip and are at their home on West Monroe street.

Mr. H. V. Sherrill has gone to Hot Springs, Ark.

Mrs. Sallie Gardner leaves for Lehigh, I. T., this week to visit her son, Dr. David Gardner.

Mrs. W. H. Kirby was Saturday called to Memphis by the death of her mother, Mrs. A. D. Hill.

Miss Effie Hillreth has gone to Centerville, Ill., to attend the wedding of Miss Eva Clark to Mr. John Jones.

Mr. August McNeill, of Cincinnati, is visiting his brother, Mr. E. F. McNeill.

Mr. U. H. Clark, chief clerk to Master Mechanic Turnbull, has returned from Louisville.

Dr. H. P. Sights has returned from Morgan county where he had been on business connected with his mining interests.

Mrs. Will Hopkins, of Paducah, arrived in the city at noon yesterday to visit Mrs. W. H. Bowman at her home on South Frederick street. Mrs. Hopkins will be here for several weeks. —Owensboro Inquirer.

Mr. Will Scott went to Kuttawa this morning on business.

Capt. John Webb went to Cincinnati this morning on business.

Mr. Wm. Eades went to Greenville this morning.

Mr. C. A. Thurnann went to Cairo this morning on business.

Miss Annie Bridges, of Folsomdale, is visiting Mrs. T. B. Bridges, this city.

Mr. Sam L. Hynan, of Nashville, the shirt man, is at Hotel Lagomarsino.

Col. Bud Dale and wife are at Maxon's Mills today visiting relatives.

Mr. Oscar Fenley president of the National Bank, of Kentucky, was in the city today and returned to Louisville at noon.

Misses Beniah and Alice Gertrude Herring, of Herring-Horst, Ky., are visiting Mr. and Mrs. W. H. Crafton, of West Tennessee street.

Capt. Thomas J. Herndon left at noon for Clarksville to attend the bedside of his daughter, Mrs. C. B. Lyle, who is in a precarious condition and not expected to live. She is suffering from stomach trouble.

Colonel J. L. Kilgore went to Louisville today at noon.

Attorney Sam Crossland, of Mayfield, is in the city.

Mr. Sam Walker, has returned from Du Vallis, Ark., where he went to attend the funeral of his father-in-law, Mr. R. M. Randle, who was buried Wednesday.

Mr. D. D. Hodges, of Paragould, Ark., is visiting his brother-in-law, Mr. Dick Settle.

### Circuit Court.

Judge J. E. Robbins, of Mayfield, special judge, has postponed his decision in the demurrer in the case of Gip Husbands, receiver, against R. G. Caldwell, assignee, and others until Friday. He intended coming today but sent a message here postponing his trip.

Annie L. Murphy was given a divorce from Frank Murphy.

The plaintiff's action in the appealed case of L. E. Girardey against F. B. Wahl was dismissed.

### Police Court.

Police Judge D. L. Sanders did a little more business this morning in his court than he has been in the habit of doing for the past several weeks. Business picked up a little since Saturday and he had a few cases to dispose of.

Ed Farris and Ed Narlin, white, breach of the peace, \$5 and costs; Ernest Marshall, colored, breach of the peace, dismissed; Lum Barnes, colored, causing on the streets, \$20 and costs; Ben Satterfield and Walter Wiley, colored, \$5 and costs, fighting; Frank Hoverton, white, drunk, \$1 and costs; Tom Bates, colored, assaulting Manager Baker, of Noah's Ark, continued until Mr. Baker returns from New York; Jim White, colored, gambling, \$20 and costs.

### Card of Thanks.

We wish to thank our friends, especially the employees of the East Tennessee Co., for the many kindnesses shown us in our bereavement. MR. AND MRS. C. T. LEFFINGWELL.

### WITH BIBLICAL DEAD.

An Aged Photographer Says Messages Appear on Sensitive Plate.

New York, Feb. 17. —Alfred A. Hart, 70 years old, and for thirty years the official photographer of Columbia college, asserts that he has discovered the secret of the divine transmission to earth of the ten commandments, and that he has been able to communicate with the dead. He made remarkable statements about his experiments and discoveries.

Although students of psychic research discredit the claims of Mr. Hart, he is persistent in his assertion that he has discovered the means of universal communication, and says that ultimately the world will know what becomes of the soul. He declares he has had communication with the distinguished Biblical dead, including Moses, Solomon, the prophets and the disciples, and has written down their messages which he says were transmitted to him.

Mr. Hart says his is not an invention, but rediscovery of the mechanism of the rock upon which the ten commandments appeared to Moses, and the old Egyptian magic mirror, known as the urim and thummim used by the priests in the temples of India, Egypt and the Holy Land. The messages from the unknown were transmitted to him, he says, in letters of fire written upon the magic mirror, and that they have been intelligible, not only to him, but to his wife and daughter. Mr. Hart said in his interview:

"For twenty-five years I prayed to comprehend the life of man. Then of a sudden—it was in 1879—I was awakened by three distinct raps. There was a bright light in the room. I found in letters of fire on the wall, 'Seek and ye shall find; knock and the door shall be opened.'

"The light disappeared and there came another above, which was written 'the law of heaven,' and under it 'the law of earth.' Again there was a change, and I read, 'If you choose the law of earth you will be popular and wealthy; if you choose the law of heaven you will gain spiritual knowledge, but all your friends will turn against you.'

"Believing there was some sensitive plate, the same as nature had supplied to the ancients, that would register thought through electrical vibration, I set to work. Within a year I had discovered the secret in the shape of a sensitive black-backed mirror. I held it in my two palms, appealed for a communication from heaven, and as I was being weighted down seemingly by a tremendous electric vibration, there appeared in the mirror before me this message: 'You ask for knowledge; it shall be given you.'

"This message was from the Apostle Mark. I have since received hundreds of messages, all of which I have preserved in writing."

Officer Aaron Hurley is on the sick list.

License Inspector Ed Clark is improving, his many friends will be glad to learn, and was able to sit up yesterday.

## Notice

On and after February 27, 1905, our terms are to be STRICTLY CASH on delivery. Please do not ask for credit, as we cannot deviate from the above. No exceptions. We have arranged for the convenience of our customers Coupon Books in denominations of \$1, \$2, \$3 and \$5, payable on delivery, less 5 per cent. discount. Books can be obtained of office. Telephones 129.

TRIP OVER ROAD  
FOR TILL TAPPERWoodruff, the Cash Register  
Inspector "Convicted."Another Alleged Swindler Drops Into  
Calvo But Escaped With the  
Goods.

## OTHER POLICE NEWS ITEMS

William A. Woodruff, the young man who blew into Calvo several weeks ago and stole various amounts of money from a number of cash registers, by calling at the establishments of their owners and claiming he was an inspector sent by the company to see that all the registers were working well, was Saturday at Calvo convicted of obtaining money by false pretenses, and will have to serve a term at Chester.

The Calvo News says: "Woodruff is a bright, intelligent fellow, well posted on current topics, a good conversationalist and a seemingly altogether good fellow. He speaks several different languages and claims to have been educated in Leipzig, Germany. Woodruff has seen much of the world. He claims to have come from a good family and says that he has a family living in the east but refuses to state where they are, but adds that he knows that they are being well provided for. For a number of years Woodruff was in the United States army and saw active service in the Philippines. When his effects at police headquarters were gone through a few days ago, copies of an official bulletin, issued by the war department were found in a bill book. The bulletin is an official account of a lively skirmish in which Woodruff and other men of the detachment took part."

The Calvo News tells the following story of an alleged swindler who worked a number of people there, and is alleged to have done the same thing to a number of people in Paducah:

"A smooth stranger, wearing the name of L. Martin, secured a number of Calvoites out of small sums of money last December, and they are just waking up to the fact. "The man claimed to be an agent of the International Publication Society, with office at 72 Fifth avenue, New York City. He offered Roosevelt's works as a premium with the Liberty Digest on payment of \$3.50. Of course he only solicited among the very intellectual class of citizens and some prominent lawyers were taken in. He secured not at all anxious that the money be paid to him, and so threw them off their guard. "Letters of inquiry addressed to 72 Fifth avenue, were returned unopened, and inquiry of Funk & Wagnell brought the intelligence that the same party presumably had been working Dallas, Tex., East St. Louis and other places under the names of H. Barton and H. Bennett, and that he is a fraud."

Milton Hays, who was arrested at Louisville recently after returning from Paducah, is in more trouble. The Herald says:

"The Hays family has been broken up for some time, and on December 22 Mrs. Hays complained to the police that her husband had met her that day on the street and threatened her unless she returned to live with him. On that same night the residence of Mrs. Hays' mother, Mrs. Sarah Burcham, 624 Myrtle street, caught fire and the origin was attributed to incendiaryism. The coincidence laid suspicion on Hays, but no charge of the kind could be substantiated.

"He was arrested on the complaint of his wife and gave bond, but went to Paducah and the bond was forfeited. On January 31 he was arrested and a fine of \$10 was imposed on him in the police court, and the prisoner was put under \$500 bond for one year. Both the fine and bond were suspended on condition that Hays leave the city, and it was understood that he had gone to Chicago.

"Yesterday morning Judge Asher C. Geruth appeared in the police court and announced that Hays had not left the city, but was shadowing his wife, and that unless he was immediately arrested her life was in danger. On this showing Judge

McCan found in water order for 'the man' application and the reinstatement of the fine.

The police have released Laura Watson, a Livingston county girl who had been under surveillance supposed to know something about the whereabouts of the Moore brothers, wanted in the Salem vicinity of Livingston county for arson. Clem Davenport's home burned and is supposed to have been set fire to and the Watson girl was first arrested, but acquitted. She claims the Moore boys set fire to the house, and they have disappeared. The girl came to Paducah and it was expected would meet the men here, but she did not. She was for a time at the Home for the Friendless.

SUTT, W. S. KING  
Marries a Wisconsin Belle—Will Live At Memphis.

The wedding of Mr. William S. King, until recently superintendent of the Tennessee division of the Illinois Central, took place a few days ago. Mr. King is well known in Paducah, especially among railroad men. The Memphis Commercial-Appeal says:

The wedding of William S. King, assistant general superintendent of the Yazoo and Mississippi Valley railroad, and Mrs. Margaret Loretta Atkinson of Green Bay, Wis., which took place in St. Mary's church, in Chicago, Ill., at 9 o'clock on the morning of the 19th instant, was a most elaborate affair.

A party of prominent Illinois Central railway officials went up from Memphis in the private car of H. McCourt, assistant general superintendent of the Illinois Central. Among the gentlemen present at the wedding were the following:

W. J. Harahan, general manager; J. G. Hawn, assistant general manager; P. F. Bowes, assistant traffic manager; W. L. Smith, assistant to the second vice president; C. C. Cameron, general freight agent; F. H. Harrington, superintendent of the Chicago division; H. McCourt, assistant general superintendent; J. A. Scott, assistant general passenger agent; J. H. Mallory, commercial agent; Eugene King, of Richmond, Va.; P. A. Ladden, roadmaster of the Chicago division; J. J. Cady and H. J. Phelps, city passenger agent of Chicago, Ill.

The ceremony was performed by Father O'Faragher, of St. Mary's church, and was an exceedingly beautiful one. The attendants were John Dwyer of Memphis, and Miss Loretta Stack of Green Bay, Wis.

Following the breakfast adieu were said and Mr. King and his bride left for New York via the Michigan Central. They will be at home to their friends at the Hotel Gayoso after April 1.

Married in Paducah.  
The Fulton Leader says:  
"Mr. H. Mentz, of Arkansas, and Miss Louise Lotz, of Memphis, Tenn., were married here last Tuesday night at the home of Mr. and Mrs. L. M. Smith, Rev. Hamp McLeskey, of the C. P. church, officiating.

"The young couple have done their best to keep the affair secret, but 'murder will out.' Neither Mr. Smith, Rev. McLeskey nor Esq. F. Collins, who issued the license, would give the leader man full particulars. Each of these gentlemen said they were sworn to secrecy.

"Miss Lotz was here visiting Mrs. Smith and seemed very anxious to keep the announcement out of the Memphis papers."

The Street Car Schedule.  
The Paducah Street Railway company has decided on the following schedule for its cars: Cars run on all lines regularly until 10 o'clock. At 10, 10:30 and 11 o'clock cars leave Third and Broadway and 15 minutes later leave for end of lines. Broadway cars go only as far as Dossett's walk on late trips except theater nights, when the 11 o'clock car goes through.

The owl leaves Third and Broadway at 11:30 for West Broadway, 12 o'clock for Third street, 1 and 3 o'clock for Union depot. No late cars on North end of Rowlandtown and Jackson street.

Not Yet Financed.  
Reports from Messrs. J. J. Read and J. J. Freundlich, who went to New York several weeks ago to finance the proposed electric railroad to Calvo, indicate that they have not succeeded in accomplishing anything. Their last letters, however, state that they have received encouragement and two firms are expected to give a decision this week.

## THINK IT OVER.

Something You Can See in Any Restaurant or Cafe.

A physician puts the query: Have you never noticed in any large restaurant at lunch or dinner the large number of hearty, vigorous old men at the tables; men whose ages run from 60 to 80 years; many of them bald and all perhaps gray, but none of them feeble or senile?

Perhaps the spectacle is so common as to have escaped your observation or comment, but nevertheless it is an object lesson which means something. If you will notice what these hearty old fellows are eating you will observe that they are not munching bran crackers nor gingerly picking their way through a menu card of new fangled health foods; on the contrary they seem to prefer a juicy roast of beef, a properly turned loin of mutton, and even the deadly broiled lobster is not altogether ignored.

The point of all this is that a vigorous old age depends upon good digestion and plenty of wholesome foods; and not upon dieting and an endeavor to live upon bran crackers. There is a certain class of food cranks who seem to believe that meat, coffee, and many other good things are rank poisons, but these dangerous, sickly-looking individuals are a walking condemnation of their own theories.

The matter in a nutshell is that if the stomach secretes the natural digestive juices in sufficient quantities any wholesome food will be promptly digested; if the stomach does not do so, and certain foods cause distress, one or two of Stuart's Dyspepsia Tablets after each meal will remove all difficulties, because they supply just what every weak stomach lacks, pepsin, hydro-chloric acid, diastase and nux.

Stuart's Dyspepsia Tablets do not act upon the bowels, and in fact are not strictly a medicine, as they act almost entirely upon the food eaten, digesting it thoroughly, and thus giving a much-needed rest and giving an appetite for the next meal.

Of people who travel nine out of ten use Stuart's Dyspepsia Tablets, knowing them to be perfectly safe to use at any time and also having found out by experience that they are a safeguard against indigestion in any form, and eating, as they have to, at all hours a full kind of food, the traveling public for years have pinned their faith to Stuart's Tablets.

All druggists sell them at 50 cents for full-sized packages, and any druggist from Maine to California, if his opinion were asked, will say that Stuart's Dyspepsia Tablets is the most popular and successful remedy for any stomach trouble.

## APRIL 11

American League Will Play Its First Game.

New York, Feb. 20.—The representatives of the American League discussed the agreement and rules covering the proposed world's fair championship series between the winning teams of the two major leagues. No opposition to the changes suggested by President Pulliam, of the National League developed.

The change in ownership of the Washington club and the transfer of the franchise were approved.

The season will open April 11, with the following clubs playing: Boston at New York Philadelphia at Brooklyn, Pittsburgh at Cincinnati, Chicago at St. Louis.

Croup  
Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat.

Mrs. A. Villet, New Castle, Colo., writes, March 19th, 1931: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c, 50c and \$1.00. DeBois, Kolb & Co., Paducah, Ky.

## LATE BASEBALL DOPE

Horn is recommended by Newt. Fisher, of the Nashville Southern team. He is a husky chap and it is thought he will hit well in the Kitty league. Murphy was championed by Tebeau and John Reclus, of Louisville. These two fine judges of ball players say he will make a strong man in the outfield and will be a tower of strength to the team with the stick.

Ike Hoeppel, with Hopkinsville last year, wants to sign with Henderson to play first base. He lives in Evansville and may be given a try out. Plepho, with Hopkinsville last year, has signed with the Macon, Ga., club. He is a first baseman.

Nashville has entered into an agreement whereby all players signed to play there who do not make good will be farmed out to the Evansville club in the Central league.

Ned Crowder, the fast little short stop of last season, has returned his signed contract for 1935 to Secretary Zimbro, and announces that he will report early for the spring training. The receipt of the paper with Crowder's mark thereon caused a sigh of relief to escape from the loungers at the local headquarters Friday morning, for the deal had been accomplished after no little dickerings and at one time the chances of securing the youngster seemed exceedingly dark.

Two other contracts were received by Secretary Zimbro Friday afternoon. One from Newt Horn, a catcher who resides in Nashville, and the other from Jack Murphy, an outfielder from Louisville.—Henderson Gluecar.

A question that is now agitating Calvo fans is who will be manager of the K. I. T. team the coming season. Dan Williamson, manager of the opera house house of those favorably mentioned.

There is a possibility that Skeet Hedges will be with Paducah or some other K. I. T. team this year. Williamson has sold him to Rock Island, Ill., but terms with the latter have not been arranged, and Hedges in case the deal falls through, may be given his release.

Ben Boyd's colored Paducah club will open the season on May 10 at Nashville, and after playing a series will come back to Paducah for a series with Nashville or some other southern city.

Hugh Jennings, manager of the Baltimore Eastern League team, and one of the most experienced ball players in the country, thus gives his views on the advisability of allowing a runner to steal second with another on third and less than two out:

"With a runner on third and another on first, when none or one is out and you are ahead on the score board, let the man steal second by all means.

"With the score largely against you and two out, never. I would ask nothing better than for a runner to steal down on our club under such conditions. I have given my men instructions in such cases to let the run in from third, but get the man going down sure.

"The additional run gained will not amount to much if the chance to secure more is thrown away. If we are in that fix one run won't do us any good, but the chance to get more is valuable."

"I am ready to put up any day Anson says the word," said Clark Griffith, answering the veteran's last deft, "and if the old man will just let me know the value of his billiard ball, I will bet him an equal amount he can not catch six of Chesbro's spit balls in a leather apron. I will amend my former offer by allowing him the use of a Morris chair and a diver's suit to prevent him being hurt. On top of this I will allow him six months in which to get in condition, and we will pull off the contest during the post-season contests in October. I will let him use a six-inch cricket bat to hit with.

"I will take off my hat to Anson and will say that he was the best batter I ever saw in his day; but his day is past. He will have a lot of things to learn when he sees the 'split ball.'"

"The old man is dead game, too. I remember one day while we were playing in Brooklyn, he bet me \$40 to \$10 that Brooklyn would take a majority of the games from us. Chicago won the first and it was my day to pitch next. We started in to play and Anson made three hits in succession and finally won the game by smacking a two-base hit to the ninth, knowing all the time that he was making himself lose the \$40."—Chicago News.

### THE SIGN OF THE FOUR

DRAMATIZATION OF SIR A. CONAN DOYLE'S FAMOUS DETECTIVE STORY

### KENTUCKY NEWS TOLD IN PARAGRAPHS

#### Indicted in Hopkins County.

Madisonville, Ky., Feb. 20.—The grand jury of the Hopkins circuit court returned indictments against Jeff Morgan and John Hall, charging them with the murder of Perd Lutz last November. Young Hall and Lutz became involved in a quarrel, which resulted in Lutz throwing a brick at Hall, striking him on the leg, whereupon Morgan hit Lutz over the head with a club, killing him instantly. Hall was placed in jail here and Morgan, who has been out on bail, will be put in jail to await his trial. Hall and Morgan are brothers-in-law.

#### Stockyards Burned.

Lexington, Ky., Feb. 20.—Fire destroyed the Union stockyards Sunday morning between 12:30 and 1 o'clock, entailing a loss of \$12,000. There were twelve jacks and two stallions burned to death. The stockyards belonged to J. F. Cook & Co. The Bluegrass stockyards were burned on the same site twelve years ago and at that time the loss was \$25,000.

#### Judgment for \$17,000.

Harrodsburg, Ky., Feb. 20.—In the circuit court here the jury in the case of the administrator of John Scanlon against the Southern railway returned a verdict for \$17,000 damages. At the last term of court a verdict for \$15,000 was given, which was set aside by the judge. Scanlon was an engineer on the Southern, and was killed in a

collision between his train and a work train near Harrodsburg last June.

#### Attempts to Commit Suicide.

Clarksville, Ten., Feb. 20.—Thos. Girwin, of Logan county, Ky., attempted to commit suicide with a knife. He made a terrible gash in his throat, but did not sever his jugular vein. No reason was assigned for the act. He is in a critical condition, but may recover.

#### City Supervisors Work.

The city supervisors have finished their work of hearing protests and will this week complete their work and be ready to report at the following regular meeting of the legislative boards. They have been in session twice as long as the law permits, but have had a great deal of work to do. It is estimated that in addition to listing a number of pieces of property overlooked by the assessor, they have made raises aggregating \$250,000.

#### Funeral Notice.

The funeral service of J. W. Coles, a member of Hope Commandery, order of the Golden Cross, will take place at the C. P. church Tuesday February 21, at 2:30 o'clock p. m. Members of Hope commandery are hereby notified and all members of Banner and Mechanicsburg commanderies are requested to be at the hall, 428 1/2 Broadway, at 1 o'clock. J. E. POTTER, N. C. Clarence LeRoy, K. R.

#### GOOD SHOW.

"Sign of the Four," Sherlock Holmes' Play, Here Again Tonight.

"The Sign of the Four" was presented to a large matinee Saturday at the Kentucky and Saturday night to a small crowd, but is one of the most thrilling melodramas ever seen in Paducah. It is a story of Sherlock Holmes, and is one of the best. It is a play that is famous, and it is cleverly presented by the company that Mr. E. H. Robinson offered twice Saturday and offers again tonight at the Kentucky theater. The company had an open day today and decided to remain here for another performance.

#### NOT DECIDED.

Judge Has Not Passed On Motion for a New Trial.

Attorney Hal Corbett has received a letter from James Ezell, convicted at Uniontown, Pa., of murder in the first degree, saying that the judge has not yet decided the motion for a new trial, but that the general opinion is that he will grant one. The motion was argued by Attorney Corbett sometime ago, but no decision is expected for several days yet, and possibly none will be rendered this week.

#### The Lights Better.

The lights at the new market house have been greatly improved since Saturday, Sept. Kebbler, of the city plant, having changed them.

Subscribe for The Sun.

### Theatrical Notes

Wilton Lackaye's adaptation of Victor Hugo's masterpiece, "Les Misérables," is to be one big feature of that actor's repertoire next season. The play is called "Jean Valjean" and is said to be very strong. It will introduce some extraordinary effects, among them a cinematograph change from behind the scenes that will be startling as well as novel. Mr. Lackaye will produce the plays that are to constitute his large repertoire in Pittsburgh and Chicago during the coming summer.

Robert Mantell, who is to appear under the management of Wm. A. Brady for the next five years, is to be seen in sumptuous revivals of the Shakespearian plays. As the recognized exponent of the great and tragic characters of the master, Mr. Mantell's position in this country is unassailable and unassailable. "Richard III." is to be followed by "Othello," and each season during the pendency of the contract one other Shakespearian drama will be added to the repertoire.

De Wolf Hopper, who has been coining money through the country in the William A. Brady and Sam S. Shubert's revival of "Wang," is to appear next season in a new opera, entitled "Elysia," by Reginald De Koven.

Figuratively as literally, Mr. Howe "electrifies" every spectator of his fine exhibition of life-size and life-like moving pictures, which will be presented at The Kentucky on Friday night. The true reasons of great success are common to all achievement. It is by infinite and painstaking attention to every phase and detail of the mechanical and electrical points of moving pictures, combined with a native ingenuity and resource that characterizes and distinguishes the Lyman H. Howe exhibition over every similar exhibition in existence. The program throughout possesses that rare charm and fascination of pleasing alike, old and young. In many cities the exhibition is now on its twentieth semi-annual visit. Surely no more could be said for the sterling merits of any attraction.

The many clever musical numbers in "A Chinese Honeymoon" which will be the attraction at the Kentucky, matinee and night, next Wednesday, has made it one of the most important productions of its kind that has been seen on the stage during the last four years. Music lovers and theater going people generally have given the opera the verdict of their approval and have pronounced it the cleverest composition of its kind since the presentation of "Erminie" and "Robin Hood." The opera is presented with all the required scenery and accessories and the costumes are among the prettiest that have been seen in any of the great New York successes. The company is composed of some of the very best people seen nowadays on the comic opera stage.

In the seven years of its existence "Way Down East," that evergreen pastoral of New England, which has just celebrated its seventh birthday, has made over \$125,000 for its manager, William A. Brady.

—If the weather is favorable the Paducah Gun club will hold its first live bird shoot of the season at Wallace park the first Tuesday in March.

### NEWS OF THE RIVERS.

The Organd, one of Price's floating pance towboats, will be let off the ways tomorrow, and the Mary Golden will be hauled out. She is also of the Price fleet.

The gauge today is 16.3, a fall of one foot since yesterday.

The weather is cloudy and warmer with heavy fog over the river in the morning.

The Dick Fowler left at 8 a. m. for Cairo.

The H. W. Butterff arrived last night from Nashville and left today at noon for Clarksville.

The Clyde leaves Wednesday for Tennessee river.

The United States Gas, Coal and Coke company sent a boat up about Carroville yesterday to try to reach the Harvester, which has been ice bound for several weeks. A quantity of dynamite was taken up to loosen the big towboat and her barges, but there was no intention of trying to clear the channel and no effort was made to do so.

The Little Clyde left today for Danville, Tenn., after ties. Capt. Sam Johnson is in charge.

Capt. W. H. Edwards brought the Huckham out from Fort Henry today with 14,000 ties.

The Duffy is repairing boilers, and may leave tomorrow for Tennessee river.

The work of raising the Mary N. is still progressing but the boat will likely not be raised until the water has receded a great deal. The report that she had broken in two was current but this proved to be erroneous. The hog chain on one side parted and this started the report that the craft had broken in two.

To find a friend in a crowd you must scan every face in it—until you see the one you are looking for. To find the want ad. which spells "opportunity" for you it may be necessary to read all of the want ads. regularly.

#### Both Patients Better.

Blount Lodge, at Smithland, who was wounded by Dr. F. G. La Rie, is better. Several Paducah persons were at Smithland yesterday looking at the ice, having gone up on a gasoline boat, and inquired of him. Bynum Green, at Mayfield, who was also shot last week, is much better.

### W. B. SMITH

SUED BY A MAN FOR COMMISSION ON BANK DEAL.

Claims Former Paducah Banker Promised to Make Him Cashier for His Work.

W. B. Smith, formerly of the Globe Bank and Trust company, Paducah, has been sued at Louisville for \$3,800 by R. H. Courtney, who alleges he secured the option by which Mr. Smith obtained control of the bank. The Lexington Leader gives the following particulars:

On the claim that he had negotiated the sale of the controlling interest in the Western Bank, Louisville, which changed hands last May, R. H. Courtney, stock broker, a former resident of Lexington, has filed suit for \$3,800 against W. B. Smith, the purchaser. Mr. Courtney alleges that he secured through Chrislan

Steele, president of the bank, option for 760 shares of stock, which represented the controlling interest. The option was dated April 19, 1901, and was for thirty days. The price was placed at \$105 a share, but later the sale was made at par. On May 17 the deal was still in the negotiation stage and Mr. Courtney declares in his petition that he secured a ten-days' extension.

According to the petition it was agreed that Mr. Courtney should, when the institution was reorganized into a national bank, be elected cashier at a salary of \$2,500 a year, and that this should be his remuneration for securing the option and assisting in the negotiations. After the negotiations were completed and the control of the bank interest taken over by the defendant it was discovered by Mr. Smith that he could not make the bank a national bank with a capitalization of less than \$300,000. This was done and the petition alleges that T. L. Jefferson was elected cashier at a salary of \$5,000 a year. The plaintiff says that he should therefore receive the usual broker's remuneration of 5 per cent. on the par value price, or \$4,800.

## Millinery Clearance Sale

TODAY we put on the greatest offering of Trimmed and Ready-to-Wear Hats at the greatest sacrifice prices that it has ever before been your opportunity to purchase. WE INTEND TO MAKE A CLEAN SWEEP. The

management of this department has changed, as is stated elsewhere in this paper, and the new management wishes to start off spring and fall seasons with entirely new stock. To do this we offer every one of these Hats at ONE-HALF REGULAR PRICE.
